How do I sign in to Classroom?

Depending on your learning setting, sign in to Classroom with one of the following user account types:

School account—Also known as a *G Suite for Education account*, this account is set up by an accredited school. It looks like *you@yourschool.edu*. If you don't know your G Suite for Education account details, ask your teacher or the school's IT admin.

Personal Google Account—This is set up by you, or your parent or guardian. Typically you use a personal Google Account outside of a school setting, such as a homeschool. It looks like *you@example.com*. G Suite account—This is set up by your organization's admin. It looks like *you@yourcompany.com*.

For more information, see About Classroom user accounts.

Note: Parents and guardians can't access Classroom or their child's assignments due to privacy laws. Guardians can receive email summaries if their child's teacher allows it. For more information, see About guardian email summaries.
